Dear K-PACT Ministries Supporters,

Shalom.

With the onslaught of the Coronavirus, the whole world has come to a standstill with businesses closed and people shutting in their homes. Mission ministries around the world is no exception, with planned short-term mission trips cancelled or put on hold. K-PACT Canada have cancelled the April short-term mission trip. The October trip is at a wait-and-see status. We will keep you posted as the virus situation unfolds.

Although we cannot be there physically, let us not forget to uphold the work of the Gospel there and the Indonesian people in our prayers. The Indonesian Chinese people are suffering a double whammy, the attack of the Coronavirus and attack of racism because some people blamed the spread of the Coronavirus on China.

Let us pray earnestly for God to intervene in the virus situation so that the people of the world can go back to live a normal life and find peace that only Christ can give.
